SIGNING IN

There are two ways to sign into ARIA Click depending on the configuration set by your organisation:

- Using Speakerbus credentials
- Using your organisation's Active Directory credentials

To sign into ARIA Click:

1. When using Active Directory, click  to select the network domain associated with your account. You only need to do this when you first sign in as the device will remember your choice for future logins. This step is only available for Active Directory sign in.
2. Enter user name and password into **User ID** and **Password**.
3. Ensure the correct **CloudBase** is selected.
4. Lastly, click **SIGN IN**.

This will display a pop up message asking if you would like to share notifications from this site.

Click the **Allow** option.

5. The next message will ask if you would like to share your microphone with the soft client host.

6. Click the **Allow** option.
When you have logged in successfully your user name and dial number will be displayed on the screen.

SIGNING OUT

To sign out of ARIA Click:

1. Click **MENU**.
This displays several menu options.
2. Click **Sign Out**.
3. Click **OK** on the **Confirm** pop up message.
